What is BCQ? Each of 67 areas covered by the competition contains six checkpoints. (See map on reverse) Visit one, answer the simple question as proof of your visit and note it down on a County Card. Continue until you have collected the answers to all 402 questions.

Taking part in the British Cycle Quest competition costs no more than the purchase of County Cards on which you record your answers (plus p&p).

Questions, grid references, county maps and county information can be found in the **BCQ Questions Book**, available free from CTC National Office (p&p 76p). It may also be downloaded (or referred to) directly off the CTC website. Go to www.ctc.org.uk/BritishCycleQuest

You may purchase any number of county cards you like from ONE to a full set of 67.
